Resolutions of Respect.

Resolutions of respect and sympathy adopted by Mt. Calvary Sunday School in memory of an esteemed sister, Bessie Wood.

Whereas, God in his wisdom has caused the angel of death to enter into our Sunday School and call from our circle our beloved sister, whose cheerful presence in our Sunday School was always appreciated. She was of a bright, sunny disposition and will be sadly missed by her many friends and associates, but more than all in the home circle where she was a favorite. Therefore, be it

Good Play.

The many failures of the past season must be taken into consideration when the subject of the play "Graustark" is broached to theatregoers.

Geo. D. Baker's adaptation of Grace Hayward's dramatization of the popular novel of Geo. Barr McCutcheon not only withstood the fearful onslaught of the financial stress, but created a furor in both an artistic and monetary sense.

A condition such as this can be credited to only one thing, the tremendous popularity of "Graustark" which was dramatized exquisitely, and which heightened by a cast of artists which more than appeal to playgoers and which is augmented by a lavish scenic display. Graustark will be the attraction at Bell's Opera House, Monday night, Nov. 18.—adv

Book Day for Hillsboro Library.

Nov. 20 has been set aside by the Book Committee of the Library Board as Book Day. At which time the good people of the community are urged to bring a donation of some book or books to the Library.

Current fiction, juvenile historical stories, histories or any book on general literature will be most welcome. Your committee desires only to add to the attractiveness and usefulness of the Library, certainly not to take away any book essential to the life of any home.

Several generous donations of books have already been made, much to the increased efficiency of the Library.

The D. A. R. ladies have given a special fund that will be spent for historical books necessary to the life of our students and for those desiring general culture.

Such books as "Beacon Lights of History" by John Lord should not be absent from any library. Clubs and citizens responding to this call will greatly increase the interest of the public in one of our most necessary institutions, our Library.

Signed, W. H. SHIELDS, Com.

ROYAL BAKING POWDER Absolutely Pure

[From a series of elaborate chemical tests.]

Comparative digestibility of food made with different baking powders.

An equal quantity of bread (biscuit) was made with each of two kinds of baking powder—cream of tartar and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

99 Per Cent. Digested

Bread made with alum powder:

67 Per Cent. Digested

Royal Baking Powder raised food is shown to be of greatly superior digestibility and healthfulness.
